## Modular Origami Canada Goose <br> Design by Steve Bondy <br> http://stevespaper.com

You will need 3 different sizes of triangles, made from 3 sizes of rectangles. These are approximately The sizes that I used, giving a finished goose about 18 cm long with a wingspan of about 17 cm

| small | $3.5 \times 5.5 \mathrm{~cm}$ | $\left(1-3 / 8^{\prime \prime} \times 2-1 / 8^{\prime \prime}\right)$ |
| :--- | :--- | :--- |
| medium | $4.5 \times 7 \mathrm{~cm}$ | $\left(1-7 / 8^{\prime \prime} \times 2-7 / 8^{\prime \prime}\right)$ |
| large | $5.5 \times 7 \mathrm{~cm}$ | $\left(2-1 / 8^{\prime \prime} \times 2-7 / 8^{\prime \prime}\right)$ |
